O L D T I M E F A S H I O N S

To be sung to the tune of "Marching Through Georgia"

In the garret we have been to see what we could find,
And we found such queer old things completely out of mind.
Clothes that were the latest style in Grandma's early days
The days of those queer old-time fashions.

Chorus--

Ah Me! Queer times were those and no mistake,
When Rachel spun and Dolly had to bake,
When Molly had to skim the milk
And cheese and butter make,
The days of those queer old-time fashions.

My Grandma says she used to be as busy as a bee
And time for Music, Greek and Art she never used to see,
Her only recreation was the dance and husking-bee
In days of those queer old-time fashions.

No novels Grandma read at night, she used to knit instead
Until her eyes would sleepy grow and she would nod her head,
Then she would take her candle-stick and hurry off to bed,
In days of those queer old-time fashions.

Chorus--

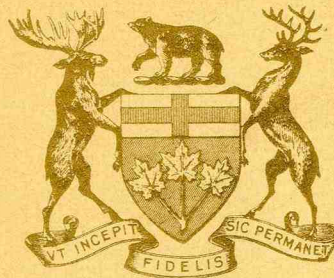

Yes, times have changed, How it would really feel
To wear such clothes to get a hasty meal
And then go out in this attire, a-riding in a wheel
Ah! Those queer old-time fashions.
