In August 1897 Mrs. Gardiner called from home to home inviting the women to a meeting in the Library Hall to organize a Women's Institute, similiar to the one formed at Stoney Creek, a clause in the first Constitution shows that the first idea was to promote better architecture and sanitation in the homes and to study food and fuel values.

THE AUCTION-Maryn Pardy

They sold Aunt Mary's things to-day.
I'M glad she wasn't there.
It would have torn her heart to see
Her luster jug,
Grandfster's clock,
The old worn rocking-chair
All sold;
And scattered yon and hither,
With only me to care.

OUR 4-H MEETINGS

By Jennifer Durkin

Each Friday night I take a trip
To a 4-H meeting,
Although it isn't really hip
I get a friendly greeting-
And there we laugh, and joke, and
moan
About the way our seams are sewn
And then we work and talk a bit
Until the late night lamps are lit
And then at ten we homeward go
To teach our MOTHERS how to sew.

The Erland Lee Homestead

This property is known as Edgemont, Crown Grant in 1801 to John and Mary Lee on their marriage. The first dwelling was a log cabin built by John Lee for his bride. The young couple surrounded it with cuttings of Sweet Mary, Myrtle, yellow roses and a Snow Ball bush. The cabin has long since vanished but the plants are still flourishing. A frame house was later built and in time the back part of it was removed by Abram, son of John and in the 1860's the present house was planned. It was built in front of the older part. The wood was virgin pine cut on the property and a 14 year old boy spent a summer hand cutting all the ornamentation on the outside of the house.

All the hardware is original and the old iron latches and hinges are still there in the older part of the house. Much of the furniture has been handed down through the generations. The walnut diningroom table is of interest which Janet Chisholm brought with her when she came as a bride of Erland Lee. It was her grandfathers table and on it she and Erland worked on and wrote the Constitution of the first Women's Institute in the world. So, it is important to Women's Institutes that this house be preserved for its historical value but more important that eventually it might be used as a centre of Women's Institute activities.

THE ERLAND LEE HOMESTEAD

Originally, a letter was received from Wentworth County Women's Institutes requesting the Federated Women's Institutes of Ontario to look into the possibility of assuming ownership or preserving the Homestead. In 1964 only a "Plaque" to commemorate this Historical Event of Erland Lee's, Homestead at Stoney Creek, Ontario, birthplace of the Women's Institute stated by, Mrs. Russell Wise, R.R.#3, Puslinch, Ontario, chairman of a Committee appointed in 1964 to investigate the possibilities of purchasing and preserving the Erland Lee, Homestead as a women's Institute historic property.

Later, the Historic Sites Board of Ontario agreed to erect a "Plaque" at the Lee Home and unveiled in 1967. On account of Mr. Frank Lee's death October 1966, son of Erland Lee some difficulty arose in receiving permission as to the site of the "Plaque".

MR. AND MRS. ERLAND LEE, HONOURED, HISTORICAL PLAQUE AT LEE, HOMESTEAD DEDICATED

The Federated Women's Institutes of Ontario in co-operation with the Ontario Archaeological and Historic Sites Board of Ontario, paid tribute to the contribution made by Mr. and Mrs. Erland Lee to the founding of the Women's Institutes.

Miss Marjorie Chrisholm Lee and Mrs. Frank Lee, daughter and

daughter-in-law of Mr. and Mrs. Erland Lee unveiled the "Plaque" which has been erected in front of the Lee, Homestead.

Mrs Russell Wise, chairman of the Lee, Homestead Committee of the Federated Women's Institutes of Ontario presided for the ceremony. Mrs. Everett Small F.W.I.O., President presented a resume of the history of the founding of the Women's Institutes. The Honourable W.A. Stewart, Minister of Agriculture and Food in the Ontario Gov't. paid tribute to the Women's Institutes. Mrs. J.R. Futcher, a former F.W.I.O., President represented the Archaeological and Historic Sites Board of Ontario.

Thus, October 1, 1967 the "Plaque" was dedicated with the inscription there on; The Worlds first Women's Institute was organized at Squire Hall, Stoney Creek, Feb. 19, 1897. Erland Lee a founder of the Farmer's Institute, assisted by his wife, arranged the meeting. About 100 women of the Saltfleet Township, district attended and were persuaded by Mrs. Adelaide Hoodless to form an organization of their own to improve their skills in the arts of home-making and child care. Here in the Lee home, Mr. Lee subsequently helped to draft the constitution of the new society. Mrs. E.D. Smith of Winona became the first president of the "Mother Institute". The Women's Institute movement has since become a "World Wide" organization.

Erected by the Archaeological and Historic Sites Board of Ontario After the death of Frank Lee, son of the co-founder of the Women's Institute, the property was still available for the original price of 40,000. The property consists of 2.9 acres on which the Homestead is situated- part of which was built in the 18th century. The Walnut dining-room table on which the Women's Institute Constitution was signed Feb.19, 1897 is in the Homestead also, another smaller house is on the property. The Walnut table will go with the purchase of the home and an opportunity to buy other furnishings at such a time as Mrs. Lee, might wish to sell them who has had to take up residence in an apartment.

The option of the Lee Home was signed in 1969 and it has to be picked up in June, 1972 for \$40,000.00. The Federated Institutes of Ontario is considered a charitable organization of this project. At the 1971 District Annual they reported this amount had accumulated.

IN MEMORY OF LAURA ROSE STEPHEN

The late Laura Rose Stephen, first Women's Institute organizer and lecturer.

Laura Rose Stephen (nee Laura Rose) was the first Women's Institute organizer and lecturer, died July 29th, 1964 in her 98th year. Those who knew her in her active Yrs. of Institute work will remember her as one of this most gifted extension workers of this country. Thus, the Laura Rose Women's Institute of south Waterloo was named. The photo and the biographical sketch prepared for the Institute by a member, Mrs. Peggy Knapp for Laura Rose who had an ideal and the overwhelming energy, ability and ambition to reach it. For 40 years her name was a household work among Institute members both in this province and across the Dominion for she organized branches in British Columbia, Nova Scotia, New Brunswick, Prince Edward Island and

Quebec. Laura Rose was born in Georgetown, Ontario in 1866. While in her teens she moved to North Dakota to keep house for an older brother on his homestead farm. She not only kept the house running smoothly, but cooked for hired men, made butter, cared for chickens, carried wood, pumped water, raised a large garden and also served as teacher at the local school. Since the school was some miles away she rode there by horseback in summer and in a "jumper" pulled by two bronchos in winter- sometimes in temperatures 40 degrees below zero.

When Laura Rose came back to Ontario she entered Alma College and later, Ontario Agricultural College where she took a course in Dairy work, graduating with high honors and was instructor at the College's Dairy School for 13 years. During this time the Women's Institute was founded at Stoney Creek, Ontario and besides her other duties, she was engaged by the Government as an organizer and lecturer. It was Laura Rose who contributed to the Institutes of Canada, their motto "For Home and Country". She served as judge at rural fairs, sampling butter, bread jams, fruit and inspecting fancy work and sewing. For years she edited two monthly columns in farm journals and many articles in the United States. She published a 300 page book, "Farm Dairying" and it was used as a text book in many agricultural schools and colleges.

In 1911, Laura Rose married W. F. Stephen, Secretary of the Canadian Ayrshire Breeders and the Montreal Milk Producers. They lived in Huntingdon, Quebec for some time and then moved with their adopted son and daughter to Ottawa until her retirement.

So, the Laura Rose Institute is proud to bear her name. They feel that they must seek to live up to her standards of perfection, her ambitions for her home and her country, her great thirst for knowledge, her broad concept of living from the words of the "Mary Stewart Collect"- May we strive to touch and know the great heart, common to us all are so graciously typified for us by this woman who gave so much to rural Canada.

INSTITUTE ODE - by Laura Rose
(Tune: Auld Lang Syne)

A goodly thing it is to meet
In friendship's circle bright,
Where nothing stains the pleasure sweet
Nor dims the radiant light
No unkind word our lips shall pass
No envy sour the mind
But each shall seek the common weal;
The good of all mankind.

"HOME AND COUNTRY", PUBLICATION

In 1897 when the Women's Institutes were first organized, they were considered a ladies section of the Farmers Institutes thinking that they might not have a long existence. Thus, in the minister of Agriculture, Reports along with the Farmer's Institutes reports were the Financial Statements and Accounts of Conventions of the Women's Institutes.

About 1915 the Farmers Institutes went out of existence, but the Women's Institutes continued to be part of the Minister's Report. At that time "The Canadian Home Journal" gave publicity to the activities of the Women's Institute's through the branches.

In 1924, The Ontario Department of Agriculture began to publish a 4 page Women's Institute News Bulletin. As no Editor was designated, Mr. Putman appears as superintendant of Women's Institutes with Miss Ethel Chapman his assistant. On the first page of volume 1, No. 1, January 1924 issue appeared the "Motto For Home And Country" of which copies are being sent to the different branches by writing to the Institutes Branch, Department of Agriculture, Toronto, Ontario.

In 1933, it was decided to drop the "news Bulletin" and replace it by a 4 page, Women's Institute paper, "Home and Country".

In 1952, Miss Ethel Chapman was appointed Editor of Home and Country and the periodical began publication in its present format.

In 1967, Miss Chapman, now Dr. Ethel Chapman retired and Mrs. M. Pardy became Editor.

The editorial aim of Home and Country is to interest the members of the Ontario Women's Institutes as to their activities in branches, districts and areas throughout the Province, the work of the Prov. Board of Directors, reports of the Federated Women's Institutes of Canada and the associated Country Women of the World, ideas and suggestions for programs and messages from the Prov. President.

WOMEN'S INSTITUTE COLOURS

The origin of its colors are best told in the words of Miss Laura Rose. Guelph was named after Queen Victoria, the reigning monarch at the time as her maiden name was Guelph. It is called the Royal City. In this city in 1904 during the convention, the Royal colours were blue and gold and were chosen as the Women's Institute colours.

The dark blue of the cornflower is considered the nearest shade of blue.

In 1910-15, the Ode appeared in official Reports. One stanza of eight lines sung to the tune of "Auld Lang Syne".

The Mary Stewart Collect

Keep us O Lord from pettiness; let us be
large in thought, word and deed;
Let us be done with fault finding and
leave off self seeking;
May we put away all pretence and meet
each other face to face, without self
pity and without prejudice;
May we never be hasty in judgment and
always generous;
Let us take time for all things; make us
grow calm, serene, gentle;
Teach us to put into action our better
impulses straight forward and unafraid;
Grant that we may realize that it is the
little things that create differences;
that in the big things of life we are
one
And may we strive to touch and know the
great human heart common to us all,
and
O Lord God let us not forget to be kind.
