"THE KINGSMILL - MAPELTON W.I. AUTOGRAPH QUILT OF 1927"

The year 1997 is the 100th Anniversary of the founding of the Women's Institute and the 90th Anniversary of the Kingsmill - Mapleton W.I. Earlier this spring, the group contacted the Aymer Museum concerning the acceptance of an autograph quilt made by their members in 1927.

The quilt was a project begun by members in August of 1927 "by which the Institute Treasury might be strengthened." Members spent the next five months seeking out people to provide 10 cents each, for their name to appear on the quilt. A Mrs. Wm. Legg was asked by the members to choose the colour and material for the group project, along with the assistance of a committee. Mrs. Legg reported the selection of a pink and white broadcloth.

At their meeting on March 23, 1928, it was voted to embroider the top and "the names written with ink on the bottom." By April, nine blocks had been completed and it was hoped the remainder might be ready for the May meeting. However, excerpts from the W.I. minutes indicate that work on the quilt was still ongoing in March of 1929. The minutes contain mention of Mrs. Legg reporting that due to her continued bad health she was unable to complete the project. The members then voted to appoint Mrs. Jas. Bluemstein as conveyor for the work and the choosing of a committee for the project.

In April of 1930 the committee reported they had completed 26 blocks of the 30 required for the quilt. However, there were no names left to place on the remaining blocks. The group voted to try to secure 128 names and the funding to complete the quilt. The final names and amounts (a total of \$8.10) were reported at their November 12 meeting.

A problem concerning the finishing of the quilt was noted at their meeting of May 7, 1931. They had run out of material to finish the quilt. The only way the quilt could be completed was to send to England to try to match the fabric. By September of that year the material had not arrived.

Four years after the quilt was started, it was announced at the December meeting of 1932, that it was completed. The members voted to accept Mrs. Jas. Bleumstein's idea to display the quilt in St. Thomas.

The members agreed the quilt not be sold for any less than \$15.00. Miss Myrtle Paddon agreed to make all the necessary arrangements for the display of the quilt.

The January meeting of 1932 contained a report that an offer of \$12.00 for the quilt had been received, but not accepted. Two of the members voted to accept the offer "if still good." The offer must have been withdrawn because at the March meeting "considerable time was spent discussing the method of disposing of our Autograph Quilt."

Mrs. Roy McGregor suggested they sell 100 tickets at 10 cents each within their own community and Mrs. Bleumstein added she felt they should be sold 3 for 25 cents.

The report of the draw on the quilt was contained in their minutes of April 7, 1932. The drawing of the winning ticket apparently created quite a stir. Mrs. D.O.White drew the winning ticket held by Mrs. John Smith. Mrs. Smith was then President of the Kingsmill - Mapleton W.I. The amount raised on the sale of the tickets was \$6.10.

The quilt's story did not end with the sale. Mrs. Smith (nee Mable Bray) later married Mr. Orlando Charlton in 1960 and gave the quilt to Mrs. Claude Hoover of Kingsmill. Mrs. Hoover passed the quilt onto her daughter, Mrs. Ralph Stover, who in turn passed it onto her daughter Mrs. David Stover. In October of 1994, Mrs. Stover returned the quilt to the Kingsmill - Mapleton W.I.

The quilt was reported brought to the Aylmer Museum in 1995, but since the curator was absent that year due to surgical complications, the matter was postponed until this year. One of my mother's quotations that haunts me still today when things do not go right is: "everything happens for a reason and probably something better is meant to be." The quilt was not meant to come to us until this year, because, this December marks the 20th Anniversary of the Museum in the community and this unique gift from the past is now seven decades old this year.

This seems a fitting way for the Museum to begin the next decade, of collecting artifacts from the past and the stories behind them.
