HISTORY

I was told upon good authority by a local historian that this house was originally located in Dunwich Twp. where Nancy Little lives on the Southwold - Dunwich Towline. It belonged to the Near Family and it sat on the top of the hill whereas Nancy's house is built on the north side of the hill. Nancy's father Gordon Little bought the property and sold the house to James Wride.

James Wride was the rural mail carrier for Shedden Post Office, and lived here until his death.

1976 - Richard Ian Chinnery and Margaret Catherine Chinnery. The Chinnery's added an addition to the original house.
