Dear Mrs. Auckland,

I was extremely pleased to get your letter to say Johnsons cloth had arrived. Safety - that your Institute were pleased with it. The design we got from the National Federation in Dorchester wanted you like to have some, if so I could send a few transfers on. The cloth we bought from the School of Needwork in London, it was rather expensive, but a joy to work on & I feel sure will wear well. Best regards.

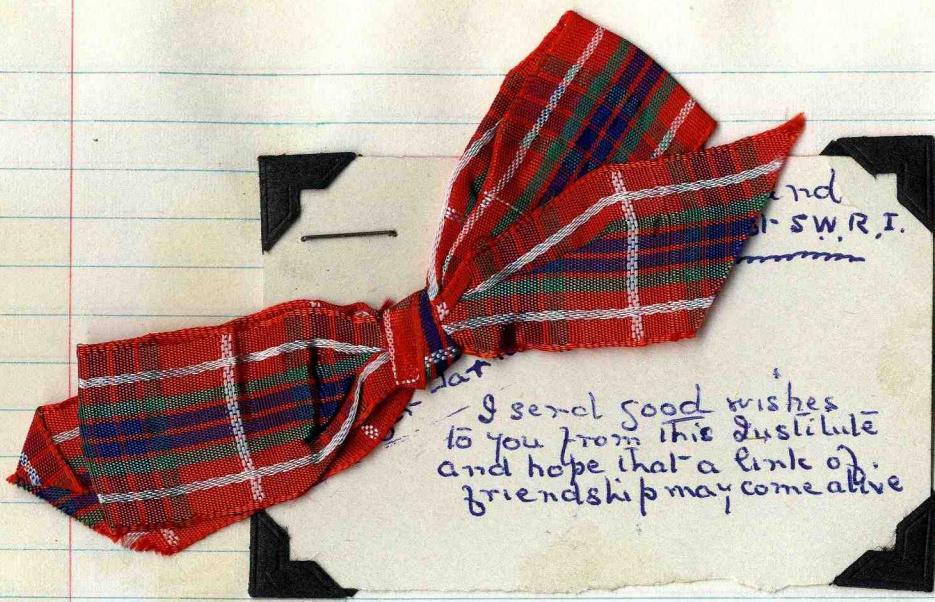

members worked the cloth in all. Do you know of your Institute ever received photos of the village of Bloxworth? Sent about two years ago also a book about Prince Charles as they were never acknowledged.

Your parcel was a beauty & arrived on Dec 1st in time for us to distribute same at our December meeting. Many I again say how wonderful those parcels have been & how grateful we are to you all. The food situation here is ~~still~~ greatly improved the only things we feel short at present are sugar & tea & Bloxworth is very pretty at the moment all the gardens

bright with flowers. I have just come indoors after picking strawberries. I have had a wonderful crop & made quite a bit of jam.

~~Our Institute is going on~~
This Annual Gathering on Sat. 1st week July 1st. We are going to Longway in Devon. We leave at 8 am by coach returning about 10.30 pm so you see we have a full day. Sixty-seven of us are going. We formerly took 3 $\frac{1}{2}$, 4 or 4 hours. Last March was our birthday meeting (32 years) & we had 16 visitors, four from each of the four nearest villages. We had a ~~birthday~~ cake & the meeting took the form of a social evening.

Please write again soon & tell me about yourself & your Institute
Yours sincerely Brian Penfret
