VICE - PRESIDENT

Mrs. Nancy Prothero guest speaker at anniversary supper

Mrs. Nancy Prothero, introduced by Mrs. Mac Watson, was the guest speaker at the 30th anniversary supper of the Central Yarmouth Women's Institute, held at Grace United Church. The Rainbow Club of the church catered.

Mrs. Prothero told of her family's total involvement publishing a community newspaper, the Port Stanley Beacon, which stemmed from a publishing hobby of her husband. Frank Prothero, area school teacher, thought that publishing a local paper, a one-time venture, would be a good

way of informing the public of coming community events. That one-time edition flourished and the family paper, now prints 3300 copies of the Beacon, as well as The Great Lakes Fisherman.

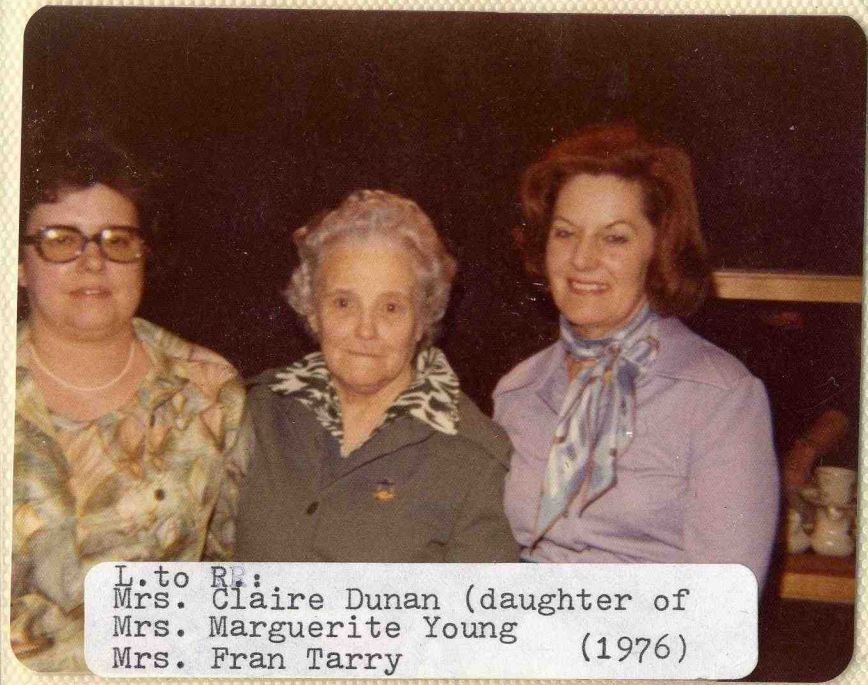

Mrs. James Dunning thanked Mrs. Prothero for giving the ladies an insight into the world of publishing, from the gathering of news and events, through preparation, editing and printing, to the distribution of their family's project.

The next meeting will be held Oct. 4 in the Elgin County Pioneer Museum.
