MARY STEWART COLLECT

Keep us O Lord from pettiness; let us be large in thought, in word and deed. Let us be done with fault finding and leave off self seeking.

May we put away all pretence and meet each other face to face, without self pity and without prejudice. May we never be hasty in judgement and always generous. Let us take time for all things; make us grow calm serene, gentle.

Teach us to put into action our better impulses straight forward and unafraid. Grant that we may realize that it is the little things that create differences; that in the big things of life we are one. And may we strive to touch and know the great human heart common to us all, and O Lord God let us not forget to be kind.

Dear Hal;

These are the deaths & wedding & anniversaries that I have in my 1995 to 1998 scrapbook. Margaret probably had most of them. The Foredomine Books are well used once they get into a library. I know so many people who go to them when they are doing family histories. I know you will do a good job with ours as you always do.

All the best
Lillian
