The house on this property was built in 1922 and is the only red brick house in the village of Shedden. Dan Hamilton was the architect. The cement blocks in the foundation were made by Elgin & Lou Biddle of Lawrence Station. The bricks probably came from the McGibbon Brick Yard on # 3 Highway and the lumber from Ike Jackson's Lumber yard. Woodwork in the house was from a walnut tree on Dan Hamilton's farm. It was a fallen tree and they walked over it to get across the creek. Someone mentioned to Dan one day that he should use that old tree as he cut his axe into it and stated it was walnut - and thus he did.

When the house was purchased by the Palmers, they rented it to the Bank Managers until they moved to it from their home at the store in 1948.
