"Kathy Had A Dream"

Kathy Minnema mentioned to Aunt Louie Lackey at the Daffodil Tea which Wallacetown W.I. hosted Oct. 23, 2004 at the Wallacetown Hall, where a quilt, made by Ruby M. Hagan was on display, for a raffle, to be drawn for that day.

Kathy said she would love to make a quilt for her daughter Carrie Shively, whose marriage to Jason Vis was to take place Jan. 22, 2005, and Aunt Louie said she would help her, but that the time was limited as Christmas came in there also. But Kathy thought we could do it.

So Kathy came to my house to pick a pattern, but she also had some material that she wanted to use, as it was left over from Carrie's Grade 8 Graduation Dress. So we decided on "The Rose of Sharon Pattern" and the pink figured material was to be used and we bought burgundy and dark green material to go with it.

We started it on Nov. 11, 2004 at Kathy's home to cut out the pattern on material and we finished appliqueing the top and had the border sewn on and put it up on frames to quilt at Aunt Louie's home on Mon. Dec. 6th and finished quilting on Dec. 20th. There were 118 hours of quilting time.

This picture of the quilt has Kathy, her 2 sons Matthew and Steven, and Kathy's Mother, Shirley Lunn of Belmont, and Aunt Louie Lackey. Other quilters who helped were Aunt Jessie Lunn and W.I. Member Ruby M. Hagan.

The edge of the quilt was bound in January by Louie and Kathy in time for the wedding.

This is a beautiful keepsake for Carrie and Jason Vis who make their home in Aylmer, Ont.

"LAKE ERIE FISHERIES"

FEBRUARY 2 2006

On Thursday, February 2, the Wallacetown W.I. met at the South Dunwich Community Hall at 12 noon for a pot luck lunch. Eight members and 27 guests were in attendance. Convenor for this meeting was Kay Waite. Everyone answered the roll call, "Name your favourite Sea Food". Kay then passed out a fish and shellfish quiz, and the winners were Mike Cowan and Gerald Atkinson.

Kay then introduced the speakers for the afternoon, Jeep and Joyce Sutton from Wallacetown who spoke on the "Lake Erie Fisheries". An industry that dates back to the early settlers in the 1800's in this area, where 250 lbs. of fish were sold for \$1.00 and transported by wagons packed in salt in barrels. In the 1850's the railroads came and made transportation easier to the bigger cities. A fisherman's wage in 1872 was \$100.00 for

five months.

Plum Point Fisheries was owned by Jeep Sutton from 1947 to the late 70's. Not an easy way to make a living. Elaborate fishing nets were set up each year to make a tunnel of about 70 rods long. In water 65' deep, with poles up to 80' in length to support the nets, which had to go into the lake bed 9 1/2' to stay put for the year and each net had 16 poles. All manual labour. Jeep had 12 net systems to repair and install each year and to remove for the winter months. The nets were placed in 65' of water, and about 10 miles from shore. No life jackets, safety equipment or communication on the lake. If you were in trouble you put a flag or raincoat on a pole in your boat and waited for help. All fish had to be packed in ice and sold on a daily basis.

Kay thanked our speakers, and everyone had a chance to ask questions and look at the equipment out on display.

President Helen Van Brenk held a brief meeting. Reports were read. Louie Lackey passed out tickets for our ladies to sell on two quilts handmade and quilted by Ruby McGugan.

On February 15, Helen VanBrenk, LouieLackey, Darlene Ford, Kay Waite, and Kathy Minnema attended the W.I. Winter Picnic at the West Lorne Anglican Church. Doris Barber will take on the duty of secretary for the March meeting.

Next meeting: March 9th, meet at the Wallacetown Hall at 1pm to go to the farm of Steve and Janet Jones "Corner Stone Farm". Roll Call: Name a bunch of sheep that you know. Convenors are Kay Lilley and Joan Johnston. Lunch at the ~~CARAMEL~~ Restaurant to follow.
