If you pluck out one grey hair another seven will grow in its place.

Brush your hair one hundred times before bed.

III - fitting shoes show on your face.

Always wear clean underwear in case you're run over by a car and have to go to hospital.

If you can't be good be careful.

Out of sight, out of mind.

Better safe than sorry.

Don't make mountains out of molehills

If a job's worth doing its  
worth doing well .

A secret's only a secret when you  
don't tell anyone .

It's never too soon to learn.  
Were you born in a tent.  
I've got eyes in the back of  
my head .

If you go to Bed with wet  
hair, you'll catch your death of cold.

Thank! you letters must be  
written within the month.

Don't point

Don't whisper

Children should be seen and not heard

Elbows off the table.

Don't speak with your mouth full

Crusts will make your hair curly  
Carrots will make you see in the dark.  
I'm doing this for your own good.

This is going to hurt me more  
than it's going to hurt you.

Because I say so.  
Because it's good for you

If you were in closer it would  
bite you.

If I come there and find it,  
there'll be trouble.

There are plenty more fish in the  
sea

If a job's worth doing its  
worth doing well.

A secret's only a secret when you  
don't tell anyone.

It's never too soon to learn.  
Were you born in a tent.  
I've got eyes in the back of  
my head.

If you go to Bed with wet  
hair, you'll catch your death of cold.

Thank! you letters must be  
written within the month.

Don't point

Don't whisper

Children should be seen and not heard

This isn't a hotel, you know

What did your last servant die of?

Not to worry, we all have to eat a bit of dirt before we die.

Don't put that in your mouth, you don't know where it's been.

"She" is the cat's mother.

What's the matter, cat got your tongue?

Do you think I was born yesterday?

Two wrongs don't make a right.

Do you think I'm made of money?

Do you think money grows on trees?

Your feel better after a nice cup of tea.

A son is a son till he  
gets him a wife, but a  
daughter's a daughter all her  
life.

God could not be everywhere,  
therefore he created mothers.

My mother always used to  
say... "You'll understand when  
you have children of your own".

When you have a number of jobs to do, always do the easy jobs first and then the more difficult jobs and you will get finished quicker.

Let me Be

Don't remind me that I'm old  
I know it's kindness when I'm told  
Do be careful, sit down bear,  
slow down down is what I hear,  
I love to be busy with broom and mop  
I want to keep going until I drop - so  
Please please, let me be.  
All I want is to keep being me.

A man works from sun to sun,  
But a woman's work is never done.

Thank God for dirty dishes  
They have a tale to tell  
While other people may go hungry -  
We're eating very well.

(given to me by my dad.)

If you want to be happy  
 Begin where you are  
 Don't wait for some rapture  
 That's future and far  
 Begin to be joyous begin to be glad  
 and soon you'll forget  
 That you ever were sad

- ① Step on a crack, break your Mother's back.
- ② Stub your toe, meet your bow
- ③ Itchy nose, kiss a fool
- ④ Itchy right hand, going to shake hands with a stranger
- ⑤ Itchy left hand, going to get some money.

To thine own self be true,

Submitted by Louise Kunn. This  
 was written in my fifth grade  
 autograph book by my teacher  
 Mrs. Keane at SS #4 E. Frid. Out. and  
 came to mind many times through  
 the years.

To prevent jars in the family, always bring a  
 smiling face to the breakfast table.

Can't eat on the  
 tongue, telling  
 lies.

Itchy foot, going  
 to walk on some  
 strange ground.

Kill a spider,  
 going to rain

It all comes out  
 in the wash.

Too many cooks  
 in the kitchen  
 spoil the Broth.
