

Dear County of Elgin Homes Families and Visitors:

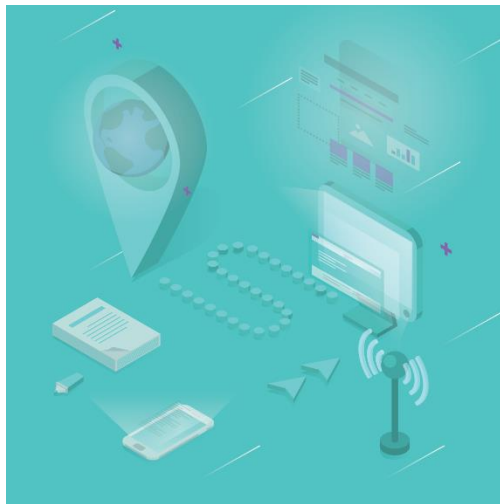

We are aware many of you are wishing to reach out to your loved ones at this time. Below is a link to assist you to set up Skype, a program that allows you to communicate via live video with your family members and friends on a computer, tablet or phone.

Once you have Skype set up, please contact your particular County of Elgin Homes Recreation Department or respond to contact Tanya Noble at tnoble@elgin.ca or leave a virtual voicemail at 519 631-1460 Ext. 192 (please indicate the specific County of Elgin Homes) to start the process of booking a Skype appointment with your loved one at the Home. As we are continuing to provide leisure opportunities for your loved ones, we will do our best to accommodate a time that is booked in advance while also convenient for your family.

The Home has telephone access and Facetime (Apple device) access if this is your preference.

If you require assistance with this process or have a question, please do not hesitate to ask.

[Skype: Setting Up Skype](https://edu.gcfglobal.org/en/skype-2016/setting-up-skype/1/)

edu.gcfglobal.org

This free lesson covers the Skype setup process, including step-by-step instructions on creating and using a Skype account.

Warm regards,

Tanya
