Membership Update – Development of New Regulations

Introduction

The *Community Safety and Policing Act (CSPA) 2019* requires a number of regulations in order to bring it into effect. These regulations will provide instructions to ensure that the intended implementation, interpretation, enforcement and administration of the CSPA will be carried out. The Ministry of Community Safety and Correctional Services (MCSCS) is currently developing these regulations. The process is expected to take another year and a half.

The term “regulation” is found 305 times in the CSPA. Approximately 50-70 matters need to be addressed in CSPA regulations. By comparison, there are 13 regulations associated with the 1990 *Police Services Act*.

Some of the new regulations will require approval by Order in Council, while others can be approved by the Solicitor General.

The aim of this memo is to update members regarding the development of these CSPA regulations.

Regulation Development Process

The development of these new regulations is a very fluid and multi-faceted process that takes into account such factors as (in no particular order):

- The Government’s stance on police, policing, public safety and public welfare
- Comparator positions regarding police in other provinces,
- Insights from other sectors (legal, medical, social services, etc.)
- Police and non-police stakeholders’ views and interests
- Financial considerations
- Public interest

Generally, the CSPA regulations are being developed in 3 phases as follows:

- By spring 2020:
 - First Nations Policing Opt-in Criteria
 - Special Constables Framework
 - Policing Functions Required in Every Community
 - Priority Adequate and Effective Standards,
 - Police Conflict of Interest
 - Delivery of Policing (options and/or limitations)
 - Administrative Matters (oath of office, Community Safety & Well-being Plans)
 - Codes of Conduct for Police Officers, Special Constables, Board Members and Advisory Council Members

- By fall 2020
 - OPP Detachment Boards
 - OPP Advisory Council
 - OPP Billing
 - Ontario Police Arbitration and Adjudication Commission (OPAAC)
 - Equipment and Weapons
 - Discipline
 - Special Constables Training
 - Additional Adequate and Effective Standards

- By spring 2021
 - Training for Police Officers, Board Members and Special Constables
 - Alternative Entry Stream for Appointment of Police Officers
 - Post-Secondary Education Equivalency Criteria for Appointment of Police Officers
 - Training Exemptions for the Appointment of Police Officers
 - Information Sharing (what information is to be shared with the minister and how)
 - Disclosure and De-identification of Personal Information
 - Reporting on Internal Investigations
 - Use of Force, Race-based Data Collection, and De-escalation Framework

Stakeholder Consultations – The Policing Engagement Table

MCSCS is undergoing an accelerated consultative process based on two concepts: Engagement Tables, and Technical Tables. These Tables are by invite only, and are called together for specific discussion items where MCSCS is looking for stakeholder input. The Solicitor General reserves all the rights to make the final decisions on all issues that the Tables deliberate and/or provide advice on.

Engagement Tables are the high-level consultative forums, of which there are five:

- **Policing Engagement Table**
- Toronto-Ontario Cooperation and Consultation Agreement (TOCCA)
- Association of Municipalities of Ontario (AMO) MOU
- Community and Social Services Engagement Table
- First Nations Leadership Engagement Table

The Policing Engagement Table serves as the ministry's primary instrument for consultation with policing stakeholders. It exists to:

- provide advice to the ministry on policing policy matters, including:
 - Adequate and Effective Police Service Delivery;
 - Governance and Professionalism;
 - Accountability and Discipline; and
 - Education and Training
- if and as requested, consider community safety, operational, labour, and fiscal impacts of policy proposals advanced by the ministry
- provide input for consideration to help address gaps and emerging challenges in the delivery of police services and to support the operational and fiscal sustainability of policing across the province

Thus far the Policing Engagement Table has met three times. It consists of representatives from the ministries of the Solicitor General, the Attorney General, Housing and Social Services plus senior representatives from:

- Ontario Provincial Police (OPP)
- Ontario Association of Chiefs of Police (OACP)
- Ontario Provincial Police Association (OPPA)
- Police Association of Ontario (PAO)
- Toronto Police Association (TPA)
- Ontario Senior Officers' Police Association (OSOPA)
- Association of Municipalities of Ontario (AMO)
- City of Toronto

- Ontario Association of Police Services Boards (OAPSB)
- Toronto Police Services Board (TPSB)

OAPSB is represented on the Policing Engagement Table by Chair Phil Huck and Executive Director Fred Kaustinen, while Toronto Police Services Board is represented by Executive Director Ryan Teschner.

Stakeholder Consultations – Technical Tables

Complimenting the five Engagement Tables are subject-specific Technical Tables. The Technical Tables are cross-functional and include subject matter experts and/or advocates from across the five Engagement Tables, as deemed appropriate by ministry staff. OAPSB, represented by Fred Kaustinen, is currently involved with the following Technical Tables (each of which have met three times):

- Special Constables, which also includes special constable representatives from a number of non-police entities:
- Police Officer Code of Conduct
- Adequacy Standard - General Patrol
- Adequacy Standard – General Investigation

Thus far, discussions have consisted of jurisdictional scans/research, and government policy options. Draft regulations have not yet been revealed. These regulatory policy options are an extension of the Future of Policing process that began over seven years ago in 2012.

OAPSB Advocacy

OAPSB Advocacy began in earnest in 2010 with our first OAPSB-only Queen’s Park Day, and accelerated with our 2011 publication of the white paper “Provincial Offense Act Unpaid Fines – A \$Billion Problem”. Shortly thereafter, OASPB was invited to participate in the Provincial Government’s Future of Policing Committee (FPAC) and its five Working Groups, and contributed in over 200 meetings between 2012 and 2017. This process culminated in the *Police Services Act 2018*. Although this Act was soon replaced by the *Community Safety and Policing Act (CSPA) 2019*, much of the new Act’s substance flows from the FPAC exercise. The vast majority of OAPSB’s advocacy priorities are reflected in CSPA 2019, particularly regarding strengthening police governance.

OAPSB positions are products of research, submissions by members, surveys of members, and presentations and dialogue in OAPSB spring conferences and labour seminars. A summary of

these positions is posted on the Advocacy page of our website, and comprises (web links provided):

Current Regulatory Policy Issues

Special Constables

MCSCS is considering the establishment of “tiers” of special constables to address the various roles of special constables on Ontario (i.e. campus security, housing security, transit security, court security, prisoner care and transport, and others). Their research indicates public support for this approach. Authorities, equipment and training would likely be scaled according to these work environments.

Special constables employed outside police services are generally advocating for expanded powers, to correspond with what they see as growing demand in their jurisdictions. Police labour representatives are advocating for strictly limited special constable roles, in order to preserve police jobs. OAPSB and OACP are advocating for limited expansion of special constables’ roles, as a means of augmenting the overall safety and security capacity in the community (i.e. the “security web” concept as described in the publication “Policing Canada in the 21st century: new Policing for new challenges The Expert Panel on the Future of Canadian Policing Models https://ccla.org/cclanewsitewp-content/uploads/2015/05/policing_fullreporten.pdf).

Police Code of Conduct

MCSCS is trying to prohibit biased policing in this Code of Conduct. Police labour and police management are resisting this initiative. Police labour wants to dilute the current code of conduct, prevent the practise of ‘catch all’ charges such as “cause discredit to the service”, and resist any attempts to enter new prohibitions. Labour is also challenging the prohibition on being “intoxicated” on duty, assuming anyone in this situation has a mental health issue that needs a remedy other than discipline.

Board Member Code of Conduct

All stakeholders agree that the existing code of conduct needs clarification regarding board members’ obligations to get behind decisions of the board, on one hand, and their individual right to share a “personal opinion when expressing disagreement with a decision of the board”. Discussions continue to find the right language to maintain board integrity without unduly infringing on individual rights. The OAPSB Board policy on Directors’ Code of Conduct and Ethics is one of the ministry’s references (page 15 of <https://oapSB.ca/members/wp-content/uploads/OAPSB-BOARD-POLICY-MANUAL-Approved-9Oct19.pdf>).

General Patrol Adequacy Standard

MCSCS is considering addressing anti-racism in this regulation, and again police labour and police management are resisting.

Additionally, police labour wants this regulation to ensure robust minimum staffing of police officers, and only police officers, and that all patrols are carried out by police officers, thereby preserving and protecting police jobs. OAPSB and OACP, meanwhile, are advocating for a flexible approach to patrol and response that facilitates matching the right type of resource to the situation, rather than deploying only one type of resource to all situations. Decisions to deploy which resource would be based on benefit, cost and risk. Flexible deployment, flexible response, and flexibility among deployed resources, in consideration of Ontario's diverse geography and population densities, as well as evolving technological response capabilities (e.g. drones), is the most appropriate public-interest approach to general patrol and response.

Investigative Adequacy Standard

Police labour is resisting the idea that non-police should be allowed to investigate anything, even though this is done already today by retail loss prevention officers, bank fraud investigators, cyber analysts, transit and campus security, etc. Police labour has characterized the United Kingdom experience with "tiered" investigations by "tiered" police employees as a total failure, though no evidence to support this conclusion has been provided.

OAPSB and OACP advocate that having lower-risk investigations performed by non-police is in the public interest, and that regulations should facilitate such innovation and flexibility.

Upcoming Regulatory Priorities & Anticipated Issues

OPP Detachment Boards

Clearly this is a hugely important issue for OAPSB. Key issues include:

- OPP detachment board composition
- Criteria and approval process for any OPP governance boards that will be additional to the detachment boards
- Training new detachment boards and detachment commanders on new OPP board responsibilities and the board-detachment commander relationship

OAPSB is hosting the first-ever OPP Governance Summit on 30 January 2020

<https://oapsb.ca/news/2020-oapsb-opp-governance-summit/> . Delegates will include OAPSB

members, OPP and OPPA leadership and staff, and the Solicitor General’s policy staff and regulation writers. Additionally, Commissioner Carrique will be there to address delegates.

Ontario Police Arbitration and Adjudication Commission (OPAAC)

The existing Ontario Police Arbitration Commission (OPAC) will have expanded powers under CSPA 2019, to include Adjudication on such matters as police (board) budgets. This is currently the purview of the Ontario Civilian Police Commission (OCPC), which will be disbanded.

OAPSB representatives on OPAC (Fran Calderelli and Pat Weaver) are working with OAPSB staff and the Police Association of Ontario (PAO) to jointly propose regulatory authorities, accountabilities and procedures regarding the new OPAAC.

Board Training

Development and implementation of effective board and board-member training is OAPB’s top priority. CSPA 2019 outlines some rules regarding police board governance, and requires that police board members are trained on the governance rules, on anti-racism, and anything else the Solicitor General prescribes. OAPSB advocates that, into addition to learning the “rules”, new board members need education on “how best to govern”. All police stakeholders agree.

As part of the work to operationalize the regulations, the ministry will consider how training for board members will be developed and the delivery mechanism for that training. The ministry has previously commented that going forward, all police sector training will be competency-based. OAPSB staff are researching police board competencies, based in part on the Institute of Corporate Directors Education Program.

Board Performance Evaluations

According to the CSPA 2019, the Inspector General is responsible, among other things, to monitor and inspect police boards. The ministry is actively considering the types of governance standards that may be required for police service boards. OAPSB anticipates, and advocates for, the development of board performance criteria and standards that will frame these inspections. Such board performance criteria and standards will inform boards of what is expected of them, and the inspection results will provide boards with valuable feedback. OAPSB anticipates working with the ministry and the Inspector General on the development of board performance criteria and standards.

January 15, 2020

Dear Warden:

As you may know, on March 26, 2019, Ontario passed the *Comprehensive Ontario Police Services Act, 2019* (Bill 68), which established the *Community Safety and Policing Act, 2019* (CSPA, 2019). The CSPA, 2019 supports our government's commitment to:

- Modernize Ontario's police service delivery framework;
- Strengthen public confidence in policing; and
- Improve governance, training, and transparency.

I am writing to update you on the work that is currently underway to bring the CSPA, 2019 into force in 2021, and inform you of upcoming engagement opportunities.

We are engaging a number of our stakeholders, to develop more than 50 required matters for regulation. These include several Ontario Provincial Police (OPP) related matters for regulation such as:

- Establishing OPP governance-related regulations, including the composition of OPP detachment boards and the OPP Governance Advisory Council;
- Developing an approach to determine when it is appropriate to have more than one OPP detachment board for a detachment of the OPP that provides policing to municipalities or First Nations;
- Aligning the existing OPP billing framework with the CSPA, 2019.

We recognize the significant implications these regulatory changes will have on communities that receive direct and/or supplemental services from the OPP.

Given these impacts, my ministry will engage communities through regional roundtable sessions. The regional roundtables will be an opportunity for the ministry to provide an overview of upcoming regulatory changes related to OPP services and for communities to identify pertinent local issues and provide feedback on OPP-related policy proposals.

.../2

The regional roundtables will take place in the following locations:

OPP Region	Regional Roundtable Locations
North West	<ul style="list-style-type: none">• Kenora• Thunder Bay
North East	<ul style="list-style-type: none">• Sudbury• Timmins
West	<ul style="list-style-type: none">• London
East	<ul style="list-style-type: none">• Brockville
Central	<ul style="list-style-type: none">• Orillia

Ministry staff will reach out to you with additional information regarding the regional roundtable sessions in the coming weeks.

We look forward to continuing our work with you to better understand local priorities, examine strategies to improve community safety and ensure the transparent and effective governance of OPP services across the province.

Should you have any questions, please contact Mr. Derwin Remedios, Team Lead, Strategic Policy, Research and Innovation, by e-mail at: Derwin.Remedios@ontario.ca.

REPORT TO THE ELGIN GROUP POLICE SERVICES BOARD

From: PSB Member, Ida McCallum
PSB Member, Trudy Kanellis

Date: February 19, 2020

Subject: Overview of Ministry of the Solicitor General – Ontario Provincial Police Regional Roundtable Discussion held on February 19, 2020

RECOMMENDATION:

THAT the report entitled “Overview of Ministry of the Solicitor General – Ontario Provincial Police Regional Roundtable Discussion held on February 19, 2020” from PSB Member Ida McCallum and PSB Member Trudy Kanellis be received for information.

BACKGROUND:

Members of Elgin County Council and Elgin Group Police Services Board (PSB) were invited to participate in a roundtable discussion hosted on February 19, 2020 by the Ministry of the Solicitor General in London, Ontario with respect to the *Community Safety and Policing Act, 2019 (CSPA)*: Ontario Provincial Police Regulatory Requirements. The Ministry of the Solicitor General is engaging with a number of stakeholders including Toronto -Ontario Cooperation and Consultation Agreement; Association of Municipalities of Ontario; Community and Social Services Tables; Policing Tables (OPP, OPPA, OSOPA, OAPSB, AMO); First Nations Policing Table; and First Nations Leadership.

We were joined by Elgin County’s Chief Administrative Officer who also serves as the Secretary-Administrator for the Elgin Group PSB and Deputy Mayor Hentz from the Municipality of Dutton-Dunwich.

The purpose of the roundtable discussion was to provide an overview of the legislative changes under the Community Safety and Policing Act, 2019 related to the Ontario Provincial Police (OPP) and to share stakeholder feedback received to date on OPP-related matters for regulation. There were a number of opportunities for discussion including focused discussion on the following matters related to OPP Governance:

- OPP Detachment Boards; OPP Governance Advisory Council; and
- Transitioning from section 10 framework under the PSA to the new OPP detachment framework under the CSPA, 2019.

The OPP Framework is intended to ensure OPP services are delivered in a transparent, coordinated and more efficient manner. 16

OPP Detachment Boards – Summary of Key Responsibilities

- Advise the Detachment Commander on the development of the local action plan;
- Work with Detachment Commander to determine objectives and priorities for the detachment;
- Consult with OPP Commissioner on the selection of a detachment commander;
- Advise the detachment commander with respect to policing provided by the detachment;
- Monitor the performance of the detachment commander; and
- Provide an annual report to the municipalities served by OPP.

Community Safety and Policing Act, 2019

New requirements under development - CSPA, 2019

Currently, there are 63 detachments providing policing services and supports to 326 municipalities and 45 First Nation communities. On March 26, 2019, Ontario passed the *Comprehensive Ontario Police Services Act, 2019* (Bill 68) and established the *Community Safety and Policing Act, 2019* (CSPA). Once in-force, the CSPA will replace the *Police Services Act* (PSA).

There are approximately 50-70 matters for regulation that will be developed to bring the CSPA into force, including regulations related to the OPP.

Implementation and Operationalization:

- OPP related matters for regulation to be submitted to Cabinet for decision-making in Spring 2020;
- Transitional matters related to OPP to be addressed:
 - Dissolving Section 10 (Municipal) Boards;
 - Establishing OPP Detachment Boards (e.g. Recruitment and Appointments); and
 - Training of OPP Detachment Board Members as well as OPP Governance Advisory Council Members.

Topics for Discussion:

- OPP Detachment Boards (remuneration, size/composition, terms of office, estimates, code of conduct and additional prescribed standards)
 - OPP Detachment Boards should be representative of the communities the OPP serves – accounting for the unique factors impacting OPP detachments (e.g. geography, population size and service demands). Principles for consideration include municipal representation, nature of appointments and minimum board size that should be considered (e.g. no less than 5 members).
 - **Criteria – to establish one (or more) board for a detachment.**
 - Factors for consideration when establishing more than one OPP detachment board per detachment must include geography;

variations in population size; number of municipalities and service demands.

- Elgin Group PSB leverages rotating appointments to ensure our community is appropriately represented on the OPP detachment.
- A number of attendees noted that they had experienced challenges with respect to recruiting members to boards (e.g. inability to fill vacancies) which will be heightened with more than one detachment board. It was reinforced that there is often an extended period of time that lapses before the Province appoints an Order in Council.
- **Costs:** Municipalities in a detachment would be responsible for the costs of operating any additional OPP detachment boards, which is consistent with current practice. Minimum amounts for per diems are set by the Province, and municipalities can elect to pay more.
- OPP Board Composition – affirmed the value of citizen appointees
- OPP Billing (i.e. transitioning the OPP billing model under the PSA to the CSPA, 2019 - ensuring alignment with the CSPA) – no changes to current model at this point in time.

Major Changes:

- Transitioning from section 10 framework under the PSA to the new OPP detachment framework under the CSPA, 2019. OPP detachment boards will be created under CSPA, 2019 for every OPP detachment. There will be one, or more than one, OPP detachment board for each OPP detachment providing policing services to a municipality or First Nation. An OPP detachment board will be a vehicle to provide civilian governance.
- Regulations will be developed to determine the composition of the OPP detachment board.
- An OPP Governance Advisory Council will be established to advise the Solicitor on the use of her powers regarding the OPP.
- All municipalities will receive OPP policing by default unless they adopt another method of policing.
- Training for OPP detachment board members will be developed and training will have to be completed prior to executing functions as a board member (training to include such functions as role of detachment board and responsibilities of members of the board; human rights and systemic racism; the diverse, multiracial and multicultural character of Ontario society; rights and cultures of First Nation, Inuit, Metis Peoples; and additional training as prescribed in regulation by the Solicitor General). Members will be required to comply with the Code of Conduct.

Inspector General (IG) - Compliance and Enforcement

The CSPA, 2019 will establish the role of the Inspector General (IG) to monitor, inspect, and ensure compliance with the Act. It also empowers the IG to monitor and conduct inspections of OPP detachment board members to ensure they are compliant.

CONCLUSION:

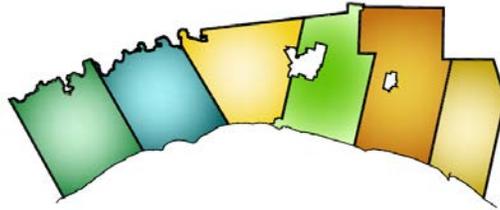

To deliver the full range of public services that provide for a safe and secure society, we recognize the need to modernize the delivery of police services to ensure it is designed for the future. It was a pleasure to participate in the Ministry's consultation on behalf of the Elgin Group PSB. In general, the purpose of the Ministry's consultation was to broaden the nature of the discussion regarding OPP, governance, billing, etc. Two themes emerged from the conversation – quality/consistency of OPP governance and necessary improvements to civilian oversight (training/composition, etc.).

The five (5) member Board in Elgin County ensures every municipality served by the OPP Elgin Detachment has access to civilian governance and fair representation and functions in a nimble and efficient manner. In its current form, Elgin's PSB adequately represents and addresses the unique interests of the seven (7) constituent municipalities and is in keeping with the changes identified in the CSPA, 2019 to support the need for civilian governance.

All of which is Respectfully Submitted,

PSB Member Ida McCallum

PSB Member Trudy Kanellis

Dear Mr. Gervais:

On behalf of the Elgin Police Service Board, I am writing to request that a new member of the Elgin Group Police Services Board be appointed by the Lieutenant Governor in Council pursuant to Section 27 of the Police Services Act, as amended, as soon as possible, noting that a vacancy has existed on the Board since July 26, 2019.

Please don't hesitate to let me know if you require any additional information.

Yours very truly,

Sally Martyn
Mayor, Municipality of Central Elgin
Chair, Elgin Group Police Services Board

St. Thomas, ON N5R 5V1

Her Worship Martyn/Chair of the Elgin Group Police Services Board:

Thank you for your inquiry regarding the provincial vacancy on the Elgin Group Police Services Board. I am pleased to respond.

The *Police Services Act* prescribes that the Lieutenant Governor in Council shall appoint members to a police services board, in line with the composition requirements also set out in the Act. Recommendations for provincial appointments are made by the Solicitor General, and the Ministry of the Solicitor General (Ministry) is continually working to ensure vacancies are addressed in a timely manner and on a priority basis.

The Ministry recognizes that police services boards play an essential role in building and maintaining strong partnerships between the police and our communities. I am confident that with local support, we will continue to ensure that boards across Ontario are comprised of capable and committed members, serving our communities.

I hope this information is helpful. Thank you again for writing.

Sincerely,

Lindsey Gray
Manager, Operations Unit
Public Safety Division

Subject: Regional Roundtable Follow-Up: Next Steps and Confidentiality
Date: March 5, 2020 10:00:39 AM

Hello,

Following the regional roundtable sessions, the ministry received several inquiries related to next steps and the confidentiality of regional roundtable materials.

With respect to next steps, the ministry will take the feedback from these regional engagement sessions and develop policy proposals for government decision-making. Pending government direction, the ministry will post draft regulations to the Ontario Regulatory Registry for public comment (<https://www.ontariocanada.com/registry/home.jsp>). The ministry will send out a notice to the various stakeholders and partners that have been a part of these engagements to inform them of the posting.

Regarding confidentiality, the materials distributed at the regional roundtables may be shared with your Municipal Council or Band Council and/or Police Service Board for their awareness and feedback.

If you have any other questions or require further clarification, please do not hesitate to email us.

Thank you,

Ministry of the Solicitor General

Subject: Status Update – Spring Conference and AGM

Good Afternoon!

We are studying the matter of the Spring Conference and the ongoing pandemic. We will apprise everyone of developments regarding the Conference, in good time. At the moment, it is business as usual. We will make sure that all stakeholders are informed of good health protection practices closer to the time if our local situation remains stable.

Meanwhile, please stay healthy and safe.
