Membership Update – Development of New Regulations

Introduction

The *Community Safety and Policing Act (CSPA) 2019* requires a number of regulations in order to bring it into effect. These regulations will provide instructions to ensure that the intended implementation, interpretation, enforcement and administration of the CSPA will be carried out. The Ministry of Community Safety and Correctional Services (MCSCS) is currently developing these regulations. The process is expected to take another year and a half.

The term “regulation” is found 305 times in the CSPA. Approximately 50-70 matters need to be addressed in CSPA regulations. By comparison, there are 13 regulations associated with the 1990 *Police Services Act*.

Some of the new regulations will require approval by Order in Council, while others can be approved by the Solicitor General.

The aim of this memo is to update members regarding the development of these CSPA regulations.

Regulation Development Process

The development of these new regulations is a very fluid and multi-faceted process that takes into account such factors as (in no particular order):

- The Government’s stance on police, policing, public safety and public welfare
- Comparator positions regarding police in other provinces,
- Insights from other sectors (legal, medical, social services, etc.)
- Police and non-police stakeholders’ views and interests
- Financial considerations
- Public interest

Generally, the CSPA regulations are being developed in 3 phases as follows:

- By spring 2020:
 - First Nations Policing Opt-in Criteria
 - Special Constables Framework
 - Policing Functions Required in Every Community
 - Priority Adequate and Effective Standards,
 - Police Conflict of Interest
 - Delivery of Policing (options and/or limitations)
 - Administrative Matters (oath of office, Community Safety & Well-being Plans)
 - Codes of Conduct for Police Officers, Special Constables, Board Members and Advisory Council Members
- By fall 2020
 - OPP Detachment Boards
 - OPP Advisory Council
 - OPP Billing
 - Ontario Police Arbitration and Adjudication Commission (OPAAC)
 - Equipment and Weapons
 - Discipline
 - Special Constables Training
 - Additional Adequate and Effective Standards
- By spring 2021
 - Training for Police Officers, Board Members and Special Constables
 - Alternative Entry Stream for Appointment of Police Officers
 - Post-Secondary Education Equivalency Criteria for Appointment of Police Officers
 - Training Exemptions for the Appointment of Police Officers
 - Information Sharing (what information is to be shared with the minister and how)
 - Disclosure and De-identification of Personal Information
 - Reporting on Internal Investigations
 - Use of Force, Race-based Data Collection, and De-escalation Framework

Stakeholder Consultations – The Policing Engagement Table

MCSCS is undergoing an accelerated consultative process based on two concepts: Engagement Tables, and Technical Tables. These Tables are by invite only, and are called together for specific discussion items where MCSCS is looking for stakeholder input. The Solicitor General reserves all the rights to make the final decisions on all issues that the Tables deliberate and/or provide advice on.

Engagement Tables are the high-level consultative forums, of which there are five:

- **Policing Engagement Table**
- Toronto-Ontario Cooperation and Consultation Agreement (TOCCA)
- Association of Municipalities of Ontario (AMO) MOU
- Community and Social Services Engagement Table
- First Nations Leadership Engagement Table

The Policing Engagement Table serves as the ministry's primary instrument for consultation with policing stakeholders. It exists to:

- provide advice to the ministry on policing policy matters, including:
 - Adequate and Effective Police Service Delivery;
 - Governance and Professionalism;
 - Accountability and Discipline; and
 - Education and Training
- if and as requested, consider community safety, operational, labour, and fiscal impacts of policy proposals advanced by the ministry
- provide input for consideration to help address gaps and emerging challenges in the delivery of police services and to support the operational and fiscal sustainability of policing across the province

Thus far the Policing Engagement Table has met three times. It consists of representatives from the ministries of the Solicitor General, the Attorney General, Housing and Social Services plus senior representatives from:

- Ontario Provincial Police (OPP)
- Ontario Association of Chiefs of Police (OACP)
- Ontario Provincial Police Association (OPPA)
- Police Association of Ontario (PAO)
- Toronto Police Association (TPA)
- Ontario Senior Officers' Police Association (OSOPA)
- Association of Municipalities of Ontario (AMO)
- City of Toronto

- Ontario Association of Police Services Boards (OAPSB)
- Toronto Police Services Board (TPSB)

OAPSB is represented on the Policing Engagement Table by Chair Phil Huck and Executive Director Fred Kaustinen, while Toronto Police Services Board is represented by Executive Director Ryan Teschner.

Stakeholder Consultations – Technical Tables

Complimenting the five Engagement Tables are subject-specific Technical Tables. The Technical Tables are cross-functional and include subject matter experts and/or advocates from across the five Engagement Tables, as deemed appropriate by ministry staff. OAPSB, represented by Fred Kaustinen, is currently involved with the following Technical Tables (each of which have met three times):

- Special Constables, which also includes special constable representatives from a number of non-police entities:
- Police Officer Code of Conduct
- Adequacy Standard - General Patrol
- Adequacy Standard – General Investigation

Thus far, discussions have consisted of jurisdictional scans/research, and government policy options. Draft regulations have not yet been revealed. These regulatory policy options are an extension of the Future of Policing process that began over seven years ago in 2012.

OAPSB Advocacy

OAPSB Advocacy began in earnest in 2010 with our first OAPSB-only Queen's Park Day, and accelerated with our 2011 publication of the white paper "Provincial Offense Act Unpaid Fines – A \$Billion Problem". Shortly thereafter, OAPSB was invited to participate in the Provincial Government's Future of Policing Committee (FPAC) and its five Working Groups, and contributed in over 200 meetings between 2012 and 2017. This process culminated in the *Police Services Act 2018*. Although this Act was soon replaced by the *Community Safety and Policing Act (CSPA) 2019*, much of the new Act's substance flows from the FPAC exercise. The vast majority of OAPSB's advocacy priorities are reflected in CSPA 2019, particularly regarding strengthening police governance.

OAPSB positions are products of research, submissions by members, surveys of members, and presentations and dialogue in OAPSB spring conferences and labour seminars. A summary of

these positions is posted on the Advocacy page of our website, and comprises (web links provided):

Current Regulatory Policy Issues

Special Constables

MCSCS is considering the establishment of “tiers” of special constables to address the various roles of special constables on Ontario (i.e. campus security, housing security, transit security, court security, prisoner care and transport, and others). Their research indicates public support for this approach. Authorities, equipment and training would likely be scaled according to these work environments.

Special constables employed outside police services are generally advocating for expanded powers, to correspond with what they see as growing demand in their jurisdictions. Police labour representatives are advocating for strictly limited special constable roles, in order to preserve police jobs. OAPSB and OACP are advocating for limited expansion of special constables’ roles, as a means of augmenting the overall safety and security capacity in the community (i.e. the “security web” concept as described in the publication “Policing Canada in the 21st century: new Policing for new challenges The Expert Panel on the Future of Canadian Policing Models https://ccla.org/cclanewsitewp-content/uploads/2015/05/policing_fullreporten.pdf).

Police Code of Conduct

MCSCS is trying to prohibit biased policing in this Code of Conduct. Police labour and police management are resisting this initiative. Police labour wants to dilute the current code of conduct, prevent the practise of ‘catch all’ charges such as “cause discredit to the service”, and resist any attempts to enter new prohibitions. Labour is also challenging the prohibition on being “intoxicated” on duty, assuming anyone in this situation has a mental health issue that needs a remedy other than discipline.

Board Member Code of Conduct

All stakeholders agree that the existing code of conduct needs clarification regarding board members’ obligations to get behind decisions of the board, on one hand, and their individual right to share a “personal opinion when expressing disagreement with a decision of the board”. Discussions continue to find the right language to maintain board integrity without unduly infringing on individual rights. The OAPSB Board policy on Directors’ Code of Conduct and Ethics is one of the ministry’s references (page 15 of <https://oapsb.ca/members/wp-content/uploads/OAPSB-BOARD-POLICY-MANUAL-Approved-9Oct19.pdf>).

General Patrol Adequacy Standard

MCSCS is considering addressing anti-racism in this regulation, and again police labour and police management are resisting.

Additionally, police labour wants this regulation to ensure robust minimum staffing of police officers, and only police officers, and that all patrols are carried out by police officers, thereby preserving and protecting police jobs. OAPSB and OACP, meanwhile, are advocating for a flexible approach to patrol and response that facilitates matching the right type of resource to the situation, rather than deploying only one type of resource to all situations. Decisions to deploy which resource would be based on benefit, cost and risk. Flexible deployment, flexible response, and flexibility among deployed resources, in consideration of Ontario's diverse geography and population densities, as well as evolving technological response capabilities (e.g. drones), is the most appropriate public-interest approach to general patrol and response.

Investigative Adequacy Standard

Police labour is resisting the idea that non-police should be allowed to investigate anything, even though this is done already today by retail loss prevention officers, bank fraud investigators, cyber analysts, transit and campus security, etc. Police labour has characterized the United Kingdom experience with "tiered" investigations by "tiered" police employees as a total failure, though no evidence to support this conclusion has been provided.

OAPSB and OACP advocate that having lower-risk investigations performed by non-police is in the public interest, and that regulations should facilitate such innovation and flexibility.

Upcoming Regulatory Priorities & Anticipated Issues

OPP Detachment Boards

Clearly this is a hugely important issue for OAPSB. Key issues include:

- OPP detachment board composition
- Criteria and approval process for any OPP governance boards that will be additional to the detachment boards
- Training new detachment boards and detachment commanders on new OPP board responsibilities and the board-detachment commander relationship

OAPSB is hosting the first-ever OPP Governance Summit on 30 January 2020

<https://oapsb.ca/news/2020-oapsb-opp-governance-summit/> . Delegates will include OAPSB

members, OPP and OPPA leadership and staff, and the Solicitor General's policy staff and regulation writers. Additionally, Commissioner Carrique will be there to address delegates.

Ontario Police Arbitration and Adjudication Commission (OPAAC)

The existing Ontario Police Arbitration Commission (OPAC) will have expanded powers under CSPA 2019, to include Adjudication on such matters as police (board) budgets. This is currently the purview of the Ontario Civilian Police Commission (OCPD), which will be disbanded.

OAPSB representatives on OPAC (Fran Calderelli and Pat Weaver) are working with OAPSB staff and the Police Association of Ontario (PAO) to jointly propose regulatory authorities, accountabilities and procedures regarding the new OPAAC.

Board Training

Development and implementation of effective board and board-member training is OAPB's top priority. CSPA 2019 outlines some rules regarding police board governance, and requires that police board members are trained on the governance rules, on anti-racism, and anything else the Solicitor General prescribes. OAPSB advocates that, in addition to learning the "rules", new board members need education on "how best to govern". All police stakeholders agree.

As part of the work to operationalize the regulations, the ministry will consider how training for board members will be developed and the delivery mechanism for that training. The ministry has previously commented that going forward, all police sector training will be competency-based. OAPSB staff are researching police board competencies, based in part on the Institute of Corporate Directors Education Program.

Board Performance Evaluations

According to the CSPA 2019, the Inspector General is responsible, among other things, to monitor and inspect police boards. The ministry is actively considering the types of governance standards that may be required for police service boards. OAPSB anticipates, and advocates for, the development of board performance criteria and standards that will frame these inspections. Such board performance criteria and standards will inform boards of what is expected of them, and the inspection results will provide boards with valuable feedback. OAPSB anticipates working with the ministry and the Inspector General on the development of board performance criteria and standards.

Dear Warden:

As you may know, on March 26, 2019, Ontario passed the *Comprehensive Ontario Police Services Act, 2019* (Bill 68), which established the *Community Safety and Policing Act, 2019* (CSPA, 2019). The CSPA, 2019 supports our government's commitment to:

- Modernize Ontario's police service delivery framework;
- Strengthen public confidence in policing; and
- Improve governance, training, and transparency.

I am writing to update you on the work that is currently underway to bring the CSPA, 2019 into force in 2021, and inform you of upcoming engagement opportunities.

We are engaging a number of our stakeholders, to develop more than 50 required matters for regulation. These include several Ontario Provincial Police (OPP) related matters for regulation such as:

- Establishing OPP governance-related regulations, including the composition of OPP detachment boards and the OPP Governance Advisory Council;
- Developing an approach to determine when it is appropriate to have more than one OPP detachment board for a detachment of the OPP that provides policing to municipalities or First Nations;
- Aligning the existing OPP billing framework with the CSPA, 2019.

We recognize the significant implications these regulatory changes will have on communities that receive direct and/or supplemental services from the OPP.

Given these impacts, my ministry will engage communities through regional roundtable sessions. The regional roundtables will be an opportunity for the ministry to provide an overview of upcoming regulatory changes related to OPP services and for communities to identify pertinent local issues and provide feedback on OPP-related policy proposals.

.../2

The regional roundtables will take place in the following locations:

OPP Region	Regional Roundtable Locations
North West	<ul style="list-style-type: none">• Kenora• Thunder Bay
North East	<ul style="list-style-type: none">• Sudbury• Timmins
West	<ul style="list-style-type: none">• London
East	<ul style="list-style-type: none">• Brockville
Central	<ul style="list-style-type: none">• Orillia

Ministry staff will reach out to you with additional information regarding the regional roundtable sessions in the coming weeks.

We look forward to continuing our work with you to better understand local priorities, examine strategies to improve community safety and ensure the transparent and effective governance of OPP services across the province.

Should you have any questions, please contact Mr. Derwin Remedios, Team Lead, Strategic Policy, Research and Innovation, by e-mail at: Derwin.Remedios@ontario.ca.

REPORT TO THE ELGIN GROUP POLICE SERVICES BOARD

From: PSB Member, Ida McCallum
PSB Member, Trudy Kanellis

Date: February 19, 2020

Subject: Overview of Ministry of the Solicitor General – Ontario Provincial Police Regional Roundtable Discussion held on February 19, 2020

RECOMMENDATION:

THAT the report entitled “Overview of Ministry of the Solicitor General – Ontario Provincial Police Regional Roundtable Discussion held on February 19, 2020” from PSB Member Ida McCallum and PSB Member Trudy Kanellis be received for information.

BACKGROUND:

Members of Elgin County Council and Elgin Group Police Services Board (PSB) were invited to participate in a roundtable discussion hosted on February 19, 2020 by the Ministry of the Solicitor General in London, Ontario with respect to the *Community Safety and Policing Act, 2019 (CSPA)*: Ontario Provincial Police Regulatory Requirements. The Ministry of the Solicitor General is engaging with a number of stakeholders including Toronto -Ontario Cooperation and Consultation Agreement; Association of Municipalities of Ontario; Community and Social Services Tables; Policing Tables (OPP, OPPA, OSOPA, OAPSB, AMO); First Nations Policing Table; and First Nations Leadership.

We were joined by Elgin County’s Chief Administrative Officer who also serves as the Secretary-Administrator for the Elgin Group PSB and Deputy Mayor Hentz from the Municipality of Dutton-Dunwich.

The purpose of the roundtable discussion was to provide an overview of the legislative changes under the Community Safety and Policing Act, 2019 related to the Ontario Provincial Police (OPP) and to share stakeholder feedback received to date on OPP-related matters for regulation. There were a number of opportunities for discussion including focused discussion on the following matters related to OPP Governance:

- OPP Detachment Boards; OPP Governance Advisory Council; and
- Transitioning from section 10 framework under the PSA to the new OPP detachment framework under the CSPA, 2019.

The OPP Framework is intended to ensure OPP services are delivered in a transparent, coordinated and more efficient manner.

OPP Detachment Boards – Summary of Key Responsibilities

- Advise the Detachment Commander on the development of the local action plan;
- Work with Detachment Commander to determine objectives and priorities for the detachment;
- Consult with OPP Commissioner on the selection of a detachment commander;
- Advise the detachment commander with respect to policing provided by the detachment;
- Monitor the performance of the detachment commander; and
- Provide an annual report to the municipalities served by OPP.

Community Safety and Policing Act, 2019

New requirements under development - CSPA, 2019

Currently, there are 63 detachments providing policing services and supports to 326 municipalities and 45 First Nation communities. On March 26, 2019, Ontario passed the *Comprehensive Ontario Police Services Act, 2019* (Bill 68) and established the *Community Safety and Policing Act, 2019* (CSPA). Once in-force, the CSPA will replace the *Police Services Act* (PSA).

There are approximately 50-70 matters for regulation that will be developed to bring the CSPA into force, including regulations related to the OPP.

Implementation and Operationalization:

- OPP related matters for regulation to be submitted to Cabinet for decision-making in Spring 2020;
- Transitional matters related to OPP to be addressed:
 - Dissolving Section 10 (Municipal) Boards;
 - Establishing OPP Detachment Boards (e.g. Recruitment and Appointments); and
 - Training of OPP Detachment Board Members as well as OPP Governance Advisory Council Members.

Topics for Discussion:

- OPP Detachment Boards (remuneration, size/composition, terms of office, estimates, code of conduct and additional prescribed standards)
 - OPP Detachment Boards should be representative of the communities the OPP serves – accounting for the unique factors impacting OPP detachments (e.g. geography, population size and service demands). Principles for consideration include municipal representation, nature of appointments and minimum board size that should be considered (e.g. no less than 5 members).
 - **Criteria – to establish one (or more) board for a detachment.**
 - Factors for consideration when establishing more than one OPP detachment board per detachment must include geography;

variations in population size; number of municipalities and service demands.

- Elgin Group PSB leverages rotating appointments to ensure our community is appropriately represented on the OPP detachment.
- A number of attendees noted that they had experienced challenges with respect to recruiting members to boards (e.g. inability to fill vacancies) which will be heightened with more than one detachment board. It was reinforced that there is often an extended period of time that lapses before the Province appoints an Order in Council.
- **Costs:** Municipalities in a detachment would be responsible for the costs of operating any additional OPP detachment boards, which is consistent with current practice. Minimum amounts for per diems are set by the Province, and municipalities can elect to pay more.
- OPP Board Composition – affirmed the value of citizen appointees
- OPP Billing (i.e. transitioning the OPP billing model under the PSA to the CSPA, 2019 - ensuring alignment with the CSPA) – no changes to current model at this point in time.

Major Changes:

- Transitioning from section 10 framework under the PSA to the new OPP detachment framework under the CSPA, 2019. OPP detachment boards will be created under CSPA, 2019 for every OPP detachment. There will be one, or more than one, OPP detachment board for each OPP detachment providing policing services to a municipality or First Nation. An OPP detachment board will be a vehicle to provide civilian governance.
- Regulations will be developed to determine the composition of the OPP detachment board.
- An OPP Governance Advisory Council will be established to advise the Solicitor on the use of her powers regarding the OPP.
- All municipalities will receive OPP policing by default unless they adopt another method of policing.
- Training for OPP detachment board members will be developed and training will have to be completed prior to executing functions as a board member (training to include such functions as role of detachment board and responsibilities of members of the board; human rights and systemic racism; the diverse, multiracial and multicultural character of Ontario society; rights and cultures of First Nation, Inuit, Metis Peoples; and additional training as prescribed in regulation by the Solicitor General). Members will be required to comply with the Code of Conduct.

Inspector General (IG) - Compliance and Enforcement

The CSPA, 2019 will establish the role of the Inspector General (IG) to monitor, inspect, and ensure compliance with the Act. It also empowers the IG to monitor and conduct inspections of OPP detachment board members to ensure they are compliant.

CONCLUSION:

To deliver the full range of public services that provide for a safe and secure society, we recognize the need to modernize the delivery of police services to ensure it is designed for the future. It was a pleasure to participate in the Ministry's consultation on behalf of the Elgin Group PSB. In general, the purpose of the Ministry's consultation was to broaden the nature of the discussion regarding OPP, governance, billing, etc. Two themes emerged from the conversation – quality/consistency of OPP governance and necessary improvements to civilian oversight (training/composition, etc.).

The five (5) member Board in Elgin County ensures every municipality served by the OPP Elgin Detachment has access to civilian governance and fair representation and functions in a nimble and efficient manner. In its current form, Elgin's PSB adequately represents and addresses the unique interests of the seven (7) constituent municipalities and is in keeping with the changes identified in the CSPA, 2019 to support the need for civilian governance.

All of which is Respectfully Submitted,

PSB Member Ida McCallum

PSB Member Trudy Kanellis

Dear Mr. Gervais:

On behalf of the Elgin Police Service Board, I am writing to request that a new member of the Elgin Group Police Services Board be appointed by the Lieutenant Governor in Council pursuant to Section 27 of the Police Services Act, as amended, as soon as possible, noting that a vacancy has existed on the Board since July 26, 2019.

Please don't hesitate to let me know if you require any additional information.

Yours very truly,

Her Worship Martyn/Chair of the Elgin Group Police Services Board:

Thank you for your inquiry regarding the provincial vacancy on the Elgin Group Police Services Board. I am pleased to respond.

The *Police Services Act* prescribes that the Lieutenant Governor in Council shall appoint members to a police services board, in line with the composition requirements also set out in the Act. Recommendations for provincial appointments are made by the Solicitor General, and the Ministry of the Solicitor General (Ministry) is continually working to ensure vacancies are addressed in a timely manner and on a priority basis.

The Ministry recognizes that police services boards play an essential role in building and maintaining strong partnerships between the police and our communities. I am confident that with local support, we will continue to ensure that boards across Ontario are comprised of capable and committed members, serving our communities.

I hope this information is helpful. Thank you again for writing.

Sincerely,

Lindsey Gray
Manager, Operations Unit
Public Safety Division

OPP Enforcement during COVID-19 Pandemic

(ORILLIA, ON) - The Ontario Provincial Police (OPP) encourages businesses and individuals to voluntarily comply with the short-term restrictions introduced by the federal and provincial governments to combat the spread of COVID-19.

While education, awareness and compliance are preferred options, officers will apply discretion to lay charges under the provincial *Emergency Management and Civil Protection Act* (EMCPA)

Enforcement actions can include offences relating to:

- operation of non-essential businesses and
- gatherings of more than five people, with some exceptions

Additionally, police have the authority to arrest those in non-compliance of the federal *Quarantine Act* at the request of a screening or quarantine officer.

The OPP will continue to provide public safety services to the communities we serve and support the efforts of federal, provincial and local health authorities during the current situation involving COVID-19. We appreciate the public's ongoing support of these measures. Stay home and avoid non-essential travel, practice good hygiene and follow the Ontario Ministry of Health's recommendations in order to limit the spread of COVID-19.

If you wish to file a report regarding non-compliance under the Quarantine Act, contact [Public Health Agency of Canada](#). For emergencies, please call 9-1-1. For all other police matters, including non-compliance to the EMCPA, please call your local police or the OPP at 1-888-310-1122. For less serious incidents, report online by visiting [opp.ca/reporting](#).

Additional COVID-19 information and resources can be found at [Ontario.ca](#) and the Government of Canada [website](#). OPP-related information and updates can be found at [opp.ca](#).

Dear Mayor / Worship,

Re: Change in security check and revenue distribution processes

The Ontario Provincial Police (OPP) is doing our part to help reduce the risk of spreading COVID-19 by restricting access to detachments across the province. We have already taken the step of limiting the processing of routine security checks (criminal record checks/vulnerable sector checks) by detachment staff. We are committed to processing security checks deemed to be necessary, or for emergency circumstances, and mitigating any potential COVID-19 related health risks, as much as possible.

In late April 2020, the OPP adopted a new procedure for processing emergent security checks that reduces the risk to applicants and improves on the efficiency of the process by:

- Moving the security check application form to an online submission, reducing applicants' detachment visits to one visit in most circumstances; a visit to pick up the completed security check.
- Centralizing the vetting of applications for emergent needs and oversight of the process.
- Providing applicants access to a paperless payment method to a provincial Point of Sale terminal over the phone, further reducing the risk of potential exposure to a COVID-19 transmission vector.

Under the new process, applicants will make their payment over the telephone to detachments that currently have provincial Point of Sale (POS) machines. The funds will be deposited directly to the Consolidated Revenue Fund (CRF) of the provincial government in accordance with the Financial Administration Act, RSO 1990 (FAA). Security check revenue is tracked to ensure these funds are allocated to the municipality where applicants reside.

Revenue will now be credited back to municipal policing accounts quarterly throughout the year. The credit will be provided to municipalities approximately two months after the end of the quarter (May, August, November, and February). The credit process for 2020 is impacted by the in-year implementation of the new process and details on the timing of the credit will be provided to municipalities in future correspondence.

All revenue collected by OPP detachments for security checks, finger prints and reports provided to the public for a fee will follow this process to ensure compliance with the FAA.

Should you have any further questions regarding this process please email OPP.MPB.Financial.Services.Unit@opp.ca. Members of the public can find the most up-to-date information on obtaining a record check by visiting www.OPP.ca.

MEMORANDUM TO:**ALL MEMBERS****Re: Recent Protest Activity**

The unjustified and criminal acts that led to the death of Mr. George Floyd have caused the public to question its trust and confidence in our profession. There are members within the Ontario Provincial Police (OPP) and the communities we provide policing services to who are hurting, and feeling frustrated and outraged. It is important for us as an organization to have the courage to openly discuss these types of incidents in a respectful, compassionate and professional manner. It has become clear that in order to maintain the trust and confidence of our communities, and in support of our members, we must not only speak out against racist behaviour, but listen to what Ontarians are telling us and ensure that our actions align with our words by exemplifying our values of interacting with respect, compassion and fairness – something I believe our members do every day.

Over the course of the last few days, we have witnessed anti-racism demonstrations expanding from urban centres to jurisdictions policed by the OPP, and we are reminded of our responsibility and duty to respect the right of everyone to freedom of expression and peaceful assembly. Our role is to ensure public safety and to keep the peace. In many of these instances, the OPP Provincial Liaison Team will work with groups to provide a safe and peaceful opportunity for demonstrators to exercise their constitutional rights.

This is a unique time in which the rights of freedom of expression and movement must be considered against the current public health recommendations of physical distancing and the emergency orders in the province. Our primary duty is to preserve the peace, maintain public safety and investigate unlawful activity. Members should use their discretion and judgement to consider all circumstances and balance it against the rights of the public to peacefully demonstrate.

Recent Protest Activity

Page two

In closing, I wish to reiterate again that racism and racial discrimination have no place in policing. The event that occurred in Minneapolis with George Floyd was unconscionable and unacceptable. There should never be any doubt that the OPP stands only for our values and equal respect for all. This is an opportunity to be mindful of our biases and work towards a truly inclusive, authentic workplace and community with equal freedoms and treatment for all.

AGM Resolutions

Feel free to share with your local media.

Mitigating Domestic Air Transportation of Large Sums of Criminal Money

THAT the Ontario Association of Police Services Boards research and advocate Transport Canada to create Memorandums of Understandings with their respective police services of jurisdiction to work closely with local law enforcement when passengers are travelling with large amounts of money and/or drugs so that the local enforcement officer can investigate and determine if there is any possibility of the traveller(s) engaging in any illegal activity

Adequate & Effective OPP Policing

THAT OAPSB formally request the OPP Municipal Policing Bureau to provide information to determine the true staffing shortage across all municipal contracts and the resultant service level concerns, including any salary lapse;

Request statistics to verify the number of officer time (hours) diverted away from the 911 calls and, responses to municipal By-Laws and False Alarms;

Commence discussions to effectively return staffing to municipally accepted levels and compensate municipalities for the equivalent of the salary lapses, now and going forward; and

Have an open, transparent and frank discussion with the Ministry of the Solicitor General to find a definition of the term "adequate and effective policing" that is acceptable to and involves the municipal Police Service Boards.
