REPORT TO THE ELGIN GROUP POLICE SERVICES BOARD

From: Trudy Kanellis, Board Member

Date: May 30, 2021

Subject: Ontario Association of Police Services Boards (OAPSB) Spring Conference 2021

RECOMMENDATION:

THAT the May 30th, 2021, report titled, Ontario Association of Police Services Boards (OAPSB) Spring Conference 2021, submitted by Trudy Kanellis, Board Member, be received and filed for information.

INTRODUCTION:

On behalf of the Elgin Group PSB, I attended the OAPSB Spring Conference from May 26 to 28, 2021. The purpose of this report is to provide a summary of the conference sessions.

DISCUSSION:

Wednesday, May 26, 2021

Bryan MacKillop, Chief Superintendent, Regional Commander Northwest Region, OPP, was our first speaker. He spoke about the importance of communication between board members and detachment commanders.

Key points from his presentation:

- Strategic planning process
- Evaluation & Control
- Strategy Implementation
- Strategy Formulation
- Environmental Scanning
- Mission and Objectives

The Board/Detachment Commander relationship is critical, and it should start before the Commander starts. Together, the Board and Detachment Commander must identify public safety issues that require attention, using an informed approach. There are many different considerations and impacting factors: legislation, policy, emerging trends,

capacity, and unforeseen issues. An important theme from this session was that it is better to be proactive than reactive.

Fred Kaustinen, Executive Director, OAPSB spoke about Strategic Planning under CSPA 2019.

Key points from his presentation:

- Why Strategic Plan?
- Defining the Police Board Job
- Generic Board Governance
- Police Board Governance
 - What impact are police making on the community?
 - What are the community's needs, value & expectations?
 - Which way forward, results to be achieved, & limits to be adhered to
- Impact Assessment
- Strategic Plan components
- Options for Strategic Planning
- Triggers for Plan Review

Thursday, May 27, 2021

Sarah Caldwell, Director Strategic Policy, Research & Innovation, Ministry of SOLGEN provided an update on OPP detachment boards. The purpose of her presentation was to provide an overview of the legislative changes to the CSPA. The presentation was similar to the discussions held at the regional round tables in early 2020, which Ida, Julie, and I attended.

The presentation covered:

- Implementation, remuneration, size/composition, criteria, costs
- The ministry is working to bring the CSPA into force by early 2022.
- Some key changes under the CSPA
 - Provision of Policing
 - OPP Governance
 - First Nations Policing
 - Accountability
 - Oversight and Discipline
 - Professionalism

There will be training for board members and an updated code of conduct. Provincial appointees that are currently appointed will be wound down. They will need to be reappointed, but they may not have to go through the whole application again.

**Vishal Dhir, Managing Director, Stef Schurman, Senior Regional Manager AXON
Presentation**

Key points from the presentation:

- Trust and Accountability
- Confidence in the police
- Perceptions vs reality – perception of public is different from reality.
- Data shows the approval and confidence of the police remains high.
- Body worn cameras – how technology can be used to support transparency.

**Sarah Caldwell, Director Strategic Policy, Research & Innovation, Ministry of
SOLGEN**

Michelina Longo, Director External Relations Branch, Ministry of SOLGEN

Key points from the presentation:

- Municipal Board Regulations
- Board members code of conduct: The existing one covers a broad range of principle and can be hard to interpret, leaving a lot of variation between boards. The new code of conduct will strengthen civilian governance by clarifying the behaviors that are expected and prohibited of individual board members.
- Special Constables Framework: The police service board or the OPP will be able to promote a special constable, but they will need to be authorized by the Solicitor General.
- Adequate and Effective Policing Standards: Requirements under the CSPA, Crime Prevention, Law Enforcement, Maintaining the Public Peace, Emergency Response, Assistance to Victims of Crime, any other prescribed policing function.
- Section 14 Agreements: Police service boards are legally required to deliver policing functions using their own members except to the extent the regulations allow otherwise.
- Overview: Some things will look similar under the police services act and some will look different. The following items will be included: the discipline process, adjudication process, expanded powers of OPAC, changes around code of conduct, police officer code of conduct, the advisor code of conduct, and special constables code of conduct. The chiefs of police are the leaders. The regulations that are being proposed are about improving the “muscle” of the boards.

Friday, May 28, 2021

Sean Sparling, President ISN, Canada, (Retired Deputy Chief)

Paul Cook, Business Development, Investigative Solutions Network Inc.

Sean Sparling and Paul Cook provided an overview of ISN’s services, which were designed to help policing become more effective and efficient. Their mantra is “Best people, Best methods, Best results.” They help with investigations, risk management, screening, training, and security.

In the last several years they have provided 18 police services and 2 police services boards with investigations, surveillance, support, and background screening. The 2 boards they helped hire and do background screening for new chiefs.

Dr. Robyne Hanley-Dafoe, Keynote Address, Resiliency & Wellness in Times of Uncertainty

Key points from the presentation

- What makes people resilient? Are they tougher, stronger or have more work ethics?
- Five (5) Core Traits of Resilience: Belonging, Perspective, Acceptance, Hope, and Humour
- Resilience can be taught.
- These five variables work together, these traits can be protected and looked after.
- Why are some people more resilient than others? How come some days you feel confident, then the next day not so much?
- The number one barrier is STRESS. Our bodies create cortisol when we are stressed. When you have too much cortisol, our bodies go into burnout.
- Three (3) quick grab and go practices if you feel you have too much cortisol
 - Get into motion. Get outside for 20 minutes
 - Try red blotchy crying. It is the quickest way to get it out of our face.
 - Eat carbohydrates: crackers, cookies, white bread, or beer.
- Two (2) Behaviour red flags:
 - Self-neglect – We just stop trying to feel better. We accept that there is no point.
 - Self-entitlement – It is a trap. We do good work for everyone else. When we finally get a break, we feel entitled (e.g. binge watching TV, second bottle of wine).
 - This is dangerous because it can be a slippery slope. You should celebrate, but be careful not to self-sabotage.
- The leading cause of burnouts is that we do not take a break.
- When most people get into hot water, they don't respond. They react, "Fight, Flight, Freeze, Fawning"
- Take time in your day to "Breathe." She talked about "Birthday Cake Breathing"
- Life with work balance
- Mono-tasking vs. multi-tasking,
- Transitions – activating & resting. It is important that we learn how to shift gears.
- Create transitions (e.g. first responders could leave their uniform at work).
- 20 – 20 – 20
 - Every 20 minutes look away from your computer for 20 seconds. Look 20 feet in the distance. This gives your brain a chance to stop squinting.
- Have an end point. Sign off knowing that you did the best you can and that your work is over.

- Eight (8) Wellness Factors
 - Physical, intellectual, emotional, social, environmental, spiritual, financial, occupational. Do whatever motivates you to live well.
- As humans we are hardwired to adapt to what we need to do to survive and thrive. It is in our biology to survive. We don't like change or to be different. We figure things out.

Devon Clunis, Inspector General, Inspectorate of Policing, Ministry of the Solicitor General

Ken Weatherill, Deputy Inspector General, Inspectorate of Policing, Ministry of the Solicitor General

Key points from the presentation:

- Changing the conversation on policing in Ontario: Promoting excellence, equity & public confidence
- Mission – to work respectfully and professionally to support those responsible for the delivery of policing in Ontario to meet legislative obligations to help transform policing and the relationship between the police and broader community.
- Policing is one of the most important tools in society to advance cultural change.
- Boards and chiefs have to be creative in order to deliver the challenges expected of them. The challenges are about relationships with our communities. We must be connected with the community even when the chief leaves the position.
- It is all about what “we” can do together.
- Lead by example – trust, respect, etc.
- Priorities to keep us moving – connect with stakeholders and community partners to listen to what everyone has to say.
- Inspectorate functional pillars
 - Advisory – This is the most important pillar within the inspectorate.
 - Inspections – The most recent was done in 2018. They will still be doing annual inspections.
 - Investigations – If there are any allegations of misconduct, from a board member or chief, or the inability to provide adequate policing. The investigations should be completed with minimal disruption.
 - Analytics – Analytical branch that will be proactive and transparent to the community.

Fred Kaustinen, Executive Director – OAPSB On-Line Learning Portal

Key points from the presentation:

- This is an exciting time for policing in Ontario. It is not enough just to know what the job is.
- Learn by getting coached and practicing. Board members need training on how to govern the police.

- The new learning program is designed for learning retention and optional learning. It is accredited by college and readily accessible for reasonable developmental costs. It is cost effectively administered through OAPSB.

Patrick Weaver, Ontario Association Police Services Boards – Closing Remarks

Be aware of the tsunami of information and misinformation in the news feeds. Do not drown in the waters. Do your homework, listen to the community, report back to your inspector because change is upon us.

CONCLUSION:

All the presentations were made available on the OAPSB website after the conference.

I would like to thank the board for allowing me to attend this conference. Listening to some of the questions from other boards assured me that we have a very well-run board.

REPORT TO ELGIN GROUP POLICE SERVICES BOARD

FROM: Julie Gonyou, Secretary-Administrator
Carolyn Krahn, Recording Secretary

DATE: August 12, 2021

SUBJECT: Board Compensation Review

RECOMMENDATION:

THAT the report from the Secretary-Administrator, dated August 12, 2021, be received and filed;

AND THAT member compensation be reviewed and/or adjusted as part of the 2022 Budget.

INTRODUCTION:

The purpose of this report is to present the results of the Elgin Group PSB member compensation review.

The Elgin Group Police Services Board (PSB) Chair and Vice Chair delivered presentations regarding Board composition at the six (6) Elgin Group member municipalities. A few members of Council expressed an interest in Board compensation, noting that compensation seemed high.

A formal resolution was received from the Township of Malahide which indicated:

THAT the Malahide Township Council does hereby support maintaining the current composition of the Elgin Group Police Services Board;

AND THAT a copy of this resolution be forwarded to all members of the Elgin Group Police Services Board.

The letter from the Township of Malahide (attached) further requested:

THAT consideration be given to a review of the PSB Operating Budget in an effort to further reduce costs to the municipal partners.

Chair Martyn consented to a review of the Elgin Group PSB member compensation. In support of this review, the Secretary-Administrator gathered information from the Ontario Association of Police Services Board Zone 6 members and reviewed relevant legislation.

DISCUSSION:

Legislation:

According to provincial legislation, provincially appointed board members must be paid at least \$300 per year. O. Reg. 268/10 under the *Police Services Act, R.S.O. 199, c. P. 15* states:

A municipality shall pay to each board member who is appointed by the Lieutenant Governor in Council or the Solicitor General,

- i. (a) in a municipality having a population exceeding 500,000 according to the last revised assessment roll, not less than \$1,000 a year;
- ii. (b) in a municipality having a population exceeding 100,000 and not exceeding 500,000 according to the last revised assessment roll, not less than \$500 a year;
- iii. **(c) in a municipality having a population exceeding 10,000 and not exceeding 100,000 according to the last revised assessment roll, not less than \$300 a year;**
- iv. (d) in a municipality whose population does not exceed 10,000 according to the last revised assessment roll, not less than \$100 a year. O. Reg. 268/10, s. 5.

Board Remuneration Comparison:

On July 6, 2021, a survey was sent to Ontario Association of Police Services Board (OAPSB) Zone 6 members in order to compare Elgin Group Board remuneration with other Zone 6 Boards. We received six (6) responses. A comparison is presented below, and the full results of the survey are attached to this report.

| | Elgin | Lakeshore | Chatham-Kent | Kingsville | Tecumseh | Thames Centre | LaSalle |
|--------|--------------|--------------|--|--------------|--------------|---|--|
| Chair | \$2,000/year | \$1,375/year | \$7,200/year | \$2,094/year | \$3,350/year | \$157/meeting (There are 4 meetings scheduled for 2021.) | \$2,000/year (Council) \$3,000/year (non-Council) |
| Member | \$1,500/year | \$1,375/year | \$6,000/year (Vice-Chair) \$4,800/year (Member) | \$2,094/year | \$2,770/year | \$157/meeting | \$2,400/year |

Elgin Group Police Services Board Composition:

In March of 2021, Elgin's Heads of Councils received an update from the Office of the Solicitor General about the new OPP detachment boards under the Community Safety and Policing Act, 2019 (CSPA). The update included information about a new framework for Police Services Boards. The framework outlined minimum requirements for board composition and included flexibility for municipalities to create a board that reflects their communities and local needs. Municipalities were asked to work together to determine the composition of their boards and to submit a proposal to the Ministry by Monday, June 7, 2021.

The Secretary-Administrator submitted one application on behalf of member municipalities. Once the Elgin Group PSB submission is approved, the current Board will dissolve and a new Board, under the Community Safety and Policing Act (CSPA) will have to be established. This will involve, at minimum, reappointments and new procedural by-law(s).

CONCLUSION:

Once the new Police Services Board is established and member composition for the Board is determined, member compensation can be reviewed and/or adjusted as part of the 2022 Budget.

This report along with the results of the Zone 6 Compensation Survey will be shared with the member municipalities for their review.
