

Meeks Bridge Replacement Weekly Progress Summary # 25

Good afternoon everyone, below is a breakdown of work completed/to be completed.

For more information please visit the project webpage at elgincounty.ca/meeks-bridge-replacement.

Work Completed This Week:

- Completed Cold milling and Route and seal cracks in the pavement up to Union Rd.
- Completed waterproofing bridge ends of the approach slabs
- Completed full depth asphalt paving at the north and south bridge approaches including approach slabs.

Work Anticipated for Next Week:

- Installation of guiderail at north and south approaches
- Granular sealing of the shoulder
- Line painting

As always, the Project Team thanks everyone for your continued patience as we continue renewing this critical piece of infrastructure!
